HOW IT WORKS

We gather. Three times a year, we explore a different community priority, such as food insecurity, housing, or arts and culture.
We learn. Local nonprofits involved in that work join us to share their experiences and insights.
We vote. Members vote for organizations in MAF's Nonprofit Directory that align with the focus of each gathering.
We give. Grants go to the nonprofits with the most votes. **The more members we have, the more we can give.**
